

Legacy Mechanical, Inc. is seeking an experienced BIM Piping Detailer to join the team!

WHAT WE DO

Legacy Mechanical, Inc. is a leading mechanical contractor based in Denver, CO, delivering innovative solutions since 2004. We specialize in plumbing, sheet metal, hydronics, 24-hour service, and fabrication for construction projects ranging from small retrofits to large downtown high-rises. Recognized as a *2025-2026 Best Places to Work* and *Top 10 Colorado Mechanical Contractor* by the Denver Business Journal, we take pride in our commitment to excellence. We currently employ 100+ people but have seasonally spiked to 195 with an annual revenue of \$30 million. Learn more at www.legacy-mechanical.com.

THE OPPORTUNITY

We're looking for a Piping BIM Detailer with hands-on experience in Autodesk Revit, Fabrication CADmep, and producing shop/fabrication drawings. This is a great opportunity for a detail-driven professional who thrives in a fast-paced, team-oriented environment and is passionate about modeling systems that get built in the real world.

WHAT YOU WILL BE DOING

- Create and manage detailed 3D piping models in Revit for mechanical and plumbing systems.
- Generate fabrication-ready shop drawings and spools for field installation and prefab.
- Interpret engineering drawings and design intent into constructible models.
- Identify and resolve coordination conflicts using clash detection tools.
- Maintain modeling standards and documentation across multiple active projects.
- Collaborate with project managers, engineers, and field foremen to ensure accuracy and feasibility.
- Generate RFIs as required
- Perform other duties as assigned.

WHAT YOU WILL BRING TO OUR ORGANIZATION

- 3+ years of experience in piping BIM detailing preferred
- Proficiency in Revit, Fabrication CADmep, and other BIM tools.
- Strong understanding of mechanical/piping systems and construction methods.
- Proven ability to produce fabrication drawings and support shop workflows.
- Ability to work independently and as part of a cross-functional team.

- Experience with Navisworks, AutoCAD, SysQue database, Autodesk point layout and Bluebeam is a plus.
- Familiarity with prefabrication workflows, field coordination, and laser scan integration is preferred.
- BIM or Revit certification preferred.
- Familiarity with Lean or VDC processes is a plus.

WHAT OUR ORGANIZATION IS PROVIDING

- Expected hiring range of \$27/hour - \$52/hour based on experience.
- 401(k) retirement plan with up to 4% match
- 100% employer-paid health and dental coverage for employees and families
- Optional benefits: life insurance, disability coverage, Section 125 options
- Employee bonus program
- Paid time off: 10 vacation days (15 after four years), 10 sick days, 9 holidays annually
- Fun, hardworking atmosphere with casual dress and team-oriented culture
- Commitment to quality, integrity, and open communication
